BUY NOW & SAVE!

GM Genuine Auto Trak II Blue Transfer Case Fluid

Product Features:

- Use in GM four-wheel-drive vehicles with transfer cases
- Improved oxidation resistance
- Withstands extended high-temperature operation

\$89.88 case

IN 12/1 QT. CASE

#32-AUTOTRAK2

VALVOLINE™ MULTI-VEHICLE TRANSFER CASE FLUID

Full Synthetic - meets the performance needs for transfer cases calling for Ford XL-12, GM Auto Trak II, as well as transfer cases requiring ATF fluids (DEX/MERC, ATF +4, etc).

- Recommended for use in most Ford, GM & Chrysler (Dodge, Jeep) models
- Formulated to help prevent gear wear & protect against rust & corrosion
- Formulated to deliver enhanced protection against deposits
- Helps provide better protection during extreme operating conditions
- RED in color

\$42.96 CASE

IN 6/1 QT CASE #25-6TCF

Diesel Treat Conditioner Plus Anti-Gel

BP TECH ASSISTANCE 1-800-462-0835

"ALLISON APPROVED"

"Castrol partnered exclusively with Allison Transmission to formulate this one-of-a-kind fluid."

TranSynd RD "Synthetic" Off Road Transmission Fluid **AutranSyn 295/ Full Synthetic**

Premium synthetic universal powershift and automatic transmission fluid. For 'rigorous duty' applications where extended drain intervals and reduced life cycle costs are designed in Allison 5000, 6000, 8000 and 9000 off-highway series transmissions.

On-Road Version of TranSynd Great All-Weather Fluid - 76° F Pour/+455° F Flash

Meets or Exceeds the Following:

FEATURES & BENEFITS

- Premium synthetic technology
- Extended drain and filter change intervals
- Provides superior high and low temperature performance for all year round use in various geographical locations

- Allison TES-295 (AN-031002) **\$1**
